Alejandro Marin

bnim DESIGN

Alejandro Marin is an architectural designer in BNIM's Des Moines studio. Alejandro received his Bachelor of Architecture with a minor in Construction Management and Masters of Architecture at South Dakota State University. His previous project experience encompasses a variety of project types, ranging from museums to cultural projects to schools. During his time at BNIM, Alejandro has contributed to a number of projects in the Des Moines area as well as the adaptive reuse of historic Charity Hospital in New Orleans, Louisiana, as part of the Spirit of Charity Innovation District.
