East Campus Parking Garage  
St. Louis, MO

## Daniel Brown ASSOC. AIA LEED GA

**bnim** DESIGN

Dan Brown is a Graduate Architect at BNIM. He has a passion for urban architecture and its role within sustainable urban ecology. He uses an iterative design process to enhance the complex relationships between the human and urban scales. Dan is also focused on building performance analysis — a process that uses conceptual studies to test and analyze a building's design, performance and future environmental impacts.
