**bnim** ASSOCIATE PRINCIPAL | ARCHITECTURE

Sam De Jong is a project architect who pursues design with a deep level of care and rigor. His passion of design for social impact is coupled with the belief that interdisciplinary teams create architecture of high quality and innovation. While at BNIM, he has played a significant role in the design, documentation, and implementation of numerous projects, including the award-winning Rockhurst University Parking Garage; the revitalization of Bancroft School; a new Patient-Centered Care Learning Center at the University of Missouri School of Medicine; numerous high-performance projects with the Boy Scouts at the Summit Bechtel Reserve; and the reconstruction of Westport Presbyterian Church.
