## Jeremy Kahm AIA

**bnim** ASSOCIATE PRINCIPAL | ARCHITECTURE

Jeremy Kahm is an Associate Principal in BNIM's Kansas City office. Jeremy is an experienced Project Manager and Project Architect who exhibits a high degree of integrity and professionalism on a daily basis. Thoughtful, deliberate and strategic in his work, Jeremy has demonstrated strong project leadership and has been instrumental in guiding BNIM projects through all aspects of the design and delivery process.

Jeremy has held key roles on many project types, including both renovation and new construction projects. Jeremy also brings a background in historic preservation architecture and working collaboratively with conservators, historians, and preservationists. Most recently, Jeremy served as the Project Manager for a comprehensive, multi-phase renewal of the Georgia Tech Library in Atlanta. This notable project reimagines the Library's role in the 21st Century as a scholarly community, where knowledge is not just stored but created. Jeremy's other recent projects include the new School of Business at Marquette University in Milwaukee, a hands-on career training center for Metropolitan Community College in Independence, MO, and the West Bottoms Flats Apartments in Kansas City.
